UNPUBLISHED DECISION¹

On February 19, 2016, respondent filed the parties’ joint stipulation concerning the petition for compensation filed by Adam Raszkievicz on May 18, 2015. Petitioner alleges the tetanus-diphtheria-acellular pertussis (“Tdap”) vaccine, which is contained in the Vaccine Injury Table (the “Table”), 42 C.F.R. §100.3(a), and which Mr. Raszkievicz received on April 21, 2014, caused him to develop Guillain-Barré syndrome (“GBS”). Petitioner represents that there has been no prior award or settlement of a civil action for damages as a result of his condition.

¹ The E-Government Act, 44 U.S.C. § 3501 note (2012) (Federal Management and Promotion of Electronic Government Services), requires that the Court post this decision on its website. Pursuant to Vaccine Rule 18(b), the parties have 14 days to file a motion proposing redaction of medical information or other information described in 42 U.S.C. § 300aa-12(d)(4). Any redactions ordered by the special master will appear in the document posted on the website.

Respondent denies that the Tdap vaccination caused petitioner's GBS or any other injury or condition.

Nevertheless, the parties agree to the joint stipulation, attached hereto as Appendix A. The undersigned finds said stipulation reasonable and adopts it as the decision of the Court in awarding damages, on the terms set forth therein.

Damages awarded in that stipulation include:

A lump sum payment of \$145,000.00 in the form of a check payable to petitioner, Adam Raszkievicz. This amount represents compensation for all damages that would be available under 42 U.S.C. § 300aa-15(a).

In the absence of a motion for review filed pursuant to RCFC, Appendix B, the clerk is directed to enter judgment in case 15-509V according to this decision and the attached stipulation.²

Any questions may be directed to my law clerk, Shannon Proctor, at (202) 357-6360.

IT IS SO ORDERED.
